## Why should you worry about your electricity?

*When the power goes out your  
Generac standby generator goes  
ON*

**GUARDIAN**  
by GENERAC POWER SYSTEMS

As Low as  
**\$6995 Installed**  
(8 kw)

Your business or home may depend on electricity for refrigeration, computers, office equipment, air conditioning, heating, communications, cooking, security systems appliances, sump pump or machinery. The Guardian emergency power generator keeps those systems running smoothly in the event of a power outage.

**Complete electrical protection  
for your home or business**

- Automatic engine start/stop
- Automatic electric load transfer to the "live" source of electricity
- Automatic 7-day exerciser ensures system is ready for any emergency
